We try to provide the best care we can to every person we serve. To help us do this, we ask all our patients from their race and ethnicity. We understand that some patients may not feel comfortable sharing such information. For this reason, we keep the information private. We only use it to improve the care we give. While sharing this information can help us improve our care, you do not have to answer if you don't want to. We will still give you the best care we can. You only need to answer this question once.
